

6 WAY SEAT BASE

FREEDOM . . . it's an essential part of life!

The 6 Way Seat Base

Freedom. It's an essential part of an active life. It means setting your own agenda, getting behind the wheel and going where you want to go whether you're running errands across town or visiting family and friends across the country.

Mobility Products & Design gives you that freedom. For over 25 years we've been designing to keep you actively involved in your world!

Many states either require or recommend that anyone using our products have a driver evaluation prior to installation. We recommend all customers have a driver evaluation performed by a qualified evaluator. If you should need assistance, contact www.driver-ed.org or Mobility Products & Design at toll free 1.800.488.7688.
