Extension Control Park Brake Extension

3541

(69313-000)

Long, sturdy, and easy to reach, this extension makes setting your parking brake a simple task. It adjusts easily for use in a variety of vehicles.

Extension Control Right Hand Turn Signal Lever Extension

3543B

(69220-000)

This lightweight crossover lever operates your turn signals easily. We install these products using bands, not screws, leaving your vehicle's interior in its original condition.

Extension Control Gear Selector Extension

3542

(69314-000)

Our gear selector can be mounted on the left or right side of your steering wheel, depending on your preference. An extension means extra leverage for the right-hand location. (The left-hand extension is not shown).

Extension Control Key Extension

3560

(69325-000)

This key extension was designed to provide better leverage when starting your vehicle. This product can be used anywhere that you would use a key: your vehicle, your office, your own front door.
