## steering control

### Steering Control V-Grip

**3524** (69330-000)

With a foam-grip single pin and foam-covered aluminum wrap providing backhand support, your hand stays securely and comfortably in place. You can easily adjust the single pin to find the steering grip that's just right for you. Easily replaceable foam cover for comfort.

### Steering Control Tri-pin Grip

**3522** (69328-000)

Your hand and wrist are comfortably secure with this lightweight three-pin grip. The pins are fully adjustable, so you can easily find your individual comfort setting. An available counterweight takes away the Tri-pin Grip's weight, so you can mount it on the either side of your steering wheel. Easily replaceable foam cover for comfort.

### Steering Control Hook Grip

**3521** (69327-000)

Designed for those using a prosthetic hook (typically with two fingers). One finger goes on the outside of the ring, the other finger goes on the inside, securing you to the steering wheel for smooth handling.

### Steering Control Single Pin Foam Grip

**3519** (69349-000)

You'll like the soft foam handle grip and the smooth steering motion. The secure grip gives you comfortable control and command of your vehicle.

All steering controls are readily detachable for ambulatory person.

### Spinner Knob

**3520B** (69326-000)

The Spinner Knob presses firmly against the palm of your hand, giving you added strength and control for easy driving. Spinner Knob is available in three colors to coordinate with your vehicle - Black, Gray or Woodgrain. Readily Detachable - have more than one on hand for a quick, easy update to your interior. Your local Mobility Products & Design dealer can easily install this.

### Steering Control Palm Grip

**3523** (68329-000)

Only Mobility Products & Design offers this lightweight, aluminum wrap. It can be adjusted to comfortably fit your hand, and it will hold that shape for secure steering control. The soft, sheepskin liner protects your hand and provides warmth. A unique finger rest protects your fingers, plus the raised device keeps them from having minimal contact with the steering wheel. Ideal for people with arthritis. Your local Mobility Products & Design dealer can easily install this.
